BACKPACK

Backpack, the collection of seating designed by the LucidiPevere design studio.

There is a complementarity between the various materials used: the structure in charbon-lacquered aluminium and the seat covered in a technical fabric show to best effect its informal lines and welcoming, ergonomic curves. the soft cushions made using specific fabrics serve to augment the sense of comfort

OTTOMAN

Designed by Noé Duchaufour-Lawrance. It was while working on a concept for a hotel in Marrakech that the designer had the idea for this model, inspired by the traditional Moroccan footstool. The project never got off the ground but we were captivated by the oriental charm of this piece, filled with 'zenitude', comfort and wellbeing.
