The background image shows a serene outdoor lounge space. In the foreground, there's a white modular sofa on the left and a white armchair on the right, both with white cushions. A round white coffee table with a tripod base sits in the center. In the background, a tall, multi-tiered metal shelving unit holds various green plants. A modern outdoor solar lamp, consisting of two stacked cylindrical shades, is mounted on a stand in the center background. The entire scene is bathed in soft, natural light, suggesting a bright but slightly hazy day.

LA LAMPE PARIS

Easy going and adaptable **La Lampe Paris** is an outdoor solar lamp that works as both a hanging or standing lamp, and because it is wireless, you can virtually place it anywhere you are, indoors or outdoors. Delivering 300 lumens of light for up to 10 hours, depending on which of the settings you operate it, La Lampe Paris' LED bulb provides uniform warm global light to its surroundings. La Lampe Paris is available for customization through 26 colours arrangements. Select either black or white frame and throw in one of the striking colours shades to make it a very personal choice.

A solar lamp with a black frame and a white mesh body is shown on a wooden table. The lamp is tilted upwards, and its solar panel is visible. The background is a blurred outdoor setting with a wooden fence and some foliage.

LA LAMPE PETITE

Industrious and energetic, **La Lampe Petite**'s solar energy conversion ratio is yet to be matched. It shines for up to 10 hours with a full day under normal sun. You can be up all night, and then some. Suitable for indoors as well as outdoors use, La Lampe Petite dresses up the spaces where it is set or suspended with a mellow, warm natural light. Its Ultra-light structure makes it effortless carrying it around. La Lampe Petite is available for customization through 26 colours arrangements. Select either black or white frame and throw in one of the striking colours shades to make it a very personal choice.

The background image shows three rectangular outdoor solar garden lights standing on a sandy beach. The lights are white with a dark frame and a glowing yellow light inside. They are positioned in a row, and their reflections are visible in the wet sand. The background is a soft-focus view of the ocean and a sunset sky with warm orange and yellow tones.

LA LAMPE PARC

Iconic, **La Lampe Parc** is a range of 3 outdoor solar garden lights ideal for path lighting. These solar powered garden lamps provide abundant and warm light in your garden. Place La Lampe Parc at floor level to light up your path, top of a table to provide cozy atmosphere, or use the U-hook provided to mount it on the wall. 3 heights, 2 colours. You decide. Get a tall size to don larger areas, or smaller size for mobility and intimate situations. Pick from sober black or luxury white depending on your style.

A woman with long blonde hair, wearing a blue dress and a white shawl, stands on a rocky shore looking out at the ocean. In the foreground, a glowing rectangular lantern sits on the rocks. The background shows a calm sea and distant land under a soft, hazy sky.

LA LAMPE PACHA

La Lampe Pacha, the solar powered version of a large candle lit lantern. A true nomad by nature it will follow you outside or inside the house. Due to its stretched fabric, it will provide a soft halo of light which will create a warm atmosphere. The frame is made of carbon or white powder coated aluminum and is dressed with a waterproof off-white coated fabric. Allows up to 10 hours of splendid light.

In 2016, **Normal Studio** celebrated ten years on the French design scene - a success already recognized by numerous awards.

Maiori and Normal Studio have been collaborating for years on outdoor furniture lines such as AT800 and Tresse collections.

LA LAMPE COUTURE

Normal studio, have developed a collection of solar garden lamps that consists of three different sizes, including a transformative foot stand to hang them. The lamps are, in the words of Normal Studio, “inspired by traditional asian lanterns that gracefully float in the sky from the heat of a single candle” and include an innovative translucent material that conducts and enhances the degree of emitted light, maximizing the LED’s capacity as well as emitting a soft warm glow.

Entirely constructed from sustainable materials, these lamps also incorporate Maiori’s trademark LED lighting and photovoltaic energy technology. Every **Couture Lamp** has a handle, making them versatile and providing options for lighting up a table, hanging from a tree, lighting the area around the swimming pool or simply left on the stand.

LA LAMPE POPUP

The smallest solar lamp in MAIORI's range, the **PopUp** lamp is big on design and technology, and made from laser-cut, shaped aluminium.

Equipped with a new hybrid MAIORI solar module, the **PopUp** lamp is also connected, thanks to its Bluetooth system.

The MAIORI **PopUp** lamp is designed to “pop up” anywhere, at any time - on a table, in the garden, or even on a terrace. Extremely compact, it fits easily into a bag to provide light wherever you are. Its eye-opening design and luminosity will not go unnoticed.

The design of the lacquered aluminium lampshade was inspired by a Japanese art form - Kiri-gami - which consists in cutting paper and giving it different shapes, often with moveable joints. It is widely used to make “Pop Up” cards that create relief patterns when opened. This art form, now very popular in many countries, is still associated with the announcement of a happy event.

The background image shows three spherical lamps made of woven wicker or rattan, hanging from a tree. Each lamp is illuminated from within, casting a warm, golden glow. The lamps are suspended by thin cords. The background is a clear blue sky with some green foliage visible at the edges.

LA LAMPE PAILLOTE

Equipped with the hybrid and connected solar module, the lamp is recharged in the sun and using a USB dock which is magnetized to the module in case of bad weather. The latter is also equipped with Bluetooth technology which allows, thanks to an Android and iOS mobile application, remote control and programming.

La Lampe Battery Charging Tray

TECHNICAL DATA

Power: 1,5W

Voltage: 5V2A

Batteries lithium ION (not included) L18650, 2600mAh

Charging time: around 2 hours (with USB-C charger, recommended type C / 5V 2A)

Color temperature: LED, 3000K (warm light)

Protection degree IP55: complete protection against dust and water jets

ENVIRONMENTAL RESPECT

- Supplied without battery for easier, more cost-effective, and safe transportation
- Made from high-quality materials, the lamp is more durable and 100% recyclable
- Removable battery so it can be changed for infinite use
